

Press Release

Access Motor Celebrates 20 Years at EICMA 2024

with 2025 Line-Up and Debut of ATOMOTE Electric ATV Prototype

- 2024 EICMA Hall 11 Booth H30

Marking its 20th anniversary, Access Motor is thrilled to be at EICMA 2024, celebrating two decades of excellence in off-road vehicle engineering. Known for its durable and versatile ATVs, Access Motor presents its latest 2025 line-up, a special anniversary edition model, and the exciting introduction of ATOMOTE, an innovative sub-brand with a groundbreaking approach to off-road utility vehicles.

Two Decades of Craftsmanship and Innovation

Since 2005, Access Motor has crafted ATVs that balance power, reliability, and advanced engineering. Celebrating 20 years at EICMA marks a pivotal moment as the brand looks back on its achievements while embracing the future. Featuring new models, upgrades, and special editions, this showcase reflects Access Motor's commitment to delivering an unparalleled off-road experience.

Unveiling the 2025 Product Line-Up

Access Motor's 2025 line-up offers significant advancements across its utility and sport models, bringing performance, durability, and user experience to new heights.

AMX2.0 Utility Shade Sport Model

- 7-inch TFT Digital Dashboard: Integrated with a redesigned handlebar for a seamless interface.
- Front Wheel Arch Cover: Provides added protection for cables, enhancing durability.
- New Aluminum Alloy Rim Design: Stylish rims with bead lock-inspired accents, combining rugged looks with refined aesthetics.
- Advanced Control Features: Optional Electronic Power Steering (EPS) and Anti-lock Braking System (ABS) for optimized handling on tough terrain.

Xtreme Enduro 450 EFI

- 7-inch TFT Digital Dashboard: Now equipped with enhanced protection for better resilience in extreme environments.

New Matte Color Options

New matte options for 2025 sport models combines sleek elegance with a modern edge.

20th Anniversary Special Edition

To commemorate its 20th anniversary, Access Motor introduces a limited-edition AMX2.0 Utility Model in the brand's signature red. This celebratory model showcases the Quick Lock System as a first look, offering flexibility for attaching equipment and accessories. While still a prototype, the Quick Lock System promises greater convenience for riders who need adaptable solutions, symbolizing Access Motor's ongoing innovation and commitment to the off-road community.

Introducing ATOMOTE: A New Vision for Off-Road Design

Access Motor is excited to unveil ATOMOTE, a sub-brand built to push the boundaries of off-road vehicles. ATOMOTE combines bold aesthetics with practical features, bringing a fresh design language to the ATV industry.

ATOMOTE EV04 – Electric Utility ATV Prototype

Debuting under the ATOMOTE brand, the EV04 electric utility ATV prototype showcases a futuristic design paired with powerful electric performance. The EV04 embodies ATOMOTE's philosophy of merging form and function, introducing a groundbreaking look and feel to off-road vehicles.

EV04 Specifications:

- Peak Power: 32 kW
- Rated Power: 13 kW
- Peak Torque: 80 Nm
- Top Speed: 95 km/h
- Max Range: 100 km
- Dual Motor with Triple Batteries
- Electronic Power Steering (EPS)
- 7-inch TFT Digital Display
- 11L Hidden Storage Space
- Quick Lock System
- 3000 lbs Towing Capacity

The EV04's advanced engineering and eye-catching design establish ATOMOTE as a trailblazer in the electric off-road segment, promising performance without compromising on style.

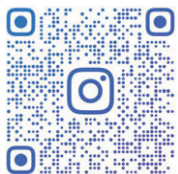

A New Era in Off-Road Innovation

Access Motor's 20th-anniversary celebration at EICMA reflects a commitment to advancing off-road experiences. The 2025 product line-up, anniversary edition, and debut of ATOMOTE signal an exciting future, driven by the same passion that has fueled Access Motor for two decades.
